

SERVICING THE COMMERCIAL AND INDUSTRIAL PLASTERING INDUSTRY SINCE 1999, COVERING AREAS FROM WEIPA TO MACKAY AND WEST TO MOUNT ISA.

SERVICE OVERVIEW

Since our inception 18 years ago, NQ Commercial Plastering has grown to become a leading provider of commercial and industrial plastering, passive wall and ceiling systems servicing areas from Torres Straits to Rockhampton and west to Mount Isa.

Our projects include shopping centres, aged care facilities, residential units and apartments, supermarkets, community centres, education facilities, police, fire and ambulance stations and Defence Force installations.

We offer a broad range of services including:

- Lightweight steel frame partitions
- Linings - standard, impact, fire, sound, mould
- Trafficable ceilings
- Suspended ceilings
- Acoustic baffles
- Certified fire, acoustic and pressure systems
- Section J thermal requirements

Talk to us about your next project today!
